

HAWLEY TELLS ABOUT MERGER.

Made Witness in Suit to Dissolve Combine.

Says Southern Pacific Is a Strong Factor.

Denies Rate Agreement Was in Existence.

(ASSOCIATED PRESS NIGHT REPORT.) NEW YORK, Jan. 6.—Edwin Hawley of this city, president of the Iowa Central Railway Company, and of the Minneapolis & St. Louis Railway Company, and a director in several other roads, including the Western Pacific, was the first witness called by the government today in the hearing of the action to dissolve the merger of the Harriman roads.

Mr. Hawley said he had been in the railroad business for forty years and coming connected with the Southern Pacific in 1883.

Mr. Hawley was questioned concerning transcontinental business of the Union and Southern Pacific at the time of the alleged merger. Mr. Hawley said that he was general eastern agent of the Southern Pacific at first, and that he had jurisdiction over the Morgan line of steamers which was used as a part of the Sunset Route.

Competition among the rival railroad companies before the formation of the merger, he said, was general. He declared that he always opposed the consolidation of the commercial agencies of the Union and Southern Pacific railroads.

On cross examination, counsel for the government asked Mr. Hawley if it was not absolutely necessary for the Union Pacific to use the Southern Pacific line in transcontinental trade.

Mr. Hawley replied that the Union Pacific did it. He said it was quite possible that if the Union Pacific attempted to force an issue with the Southern Pacific, the latter road could divert its traffic at Ogden to the Denver & Rio Grande.

In its southern traffic, he said, the Union Pacific has always been obliged to use the Atchison, Southern Pacific or the Texas Pacific.

In reply to questions as to whether the Southern Pacific was a dominant factor in transcontinental traffic and practically has controlled the rates, the witness said the Southern Pacific was an important factor, and that even freight shipped directly by way of the Texas Pacific and Union Pacific had to be turned over to the Southern Pacific at the terminals.

DENIES RATE AGREEMENT.

He denied that specific agreements as to rates had been made prior to the merger, but said there had been discussions as to the division of rates between the various roads over which shipments passed.

The witness said that freight could be shipped from New York to San Francisco by an all-rail route which would avoid the use of the Morgan line of steamers from New York to New Orleans.

The Canadian Pacific tried it, he said, some years ago. Separate agencies were maintained by the Union Pacific and Southern Pacific, he said, in New York, Boston and Philadelphia.

ONCE HAD POOL.

Mr. Hawley said the Southern Pacific, Union Pacific and Oregon Short Line were included in an agreement or pool that existed for transcontinental rates a few years ago.

Henry C. Ely, general agent of the Trunk Line Association for thirty years, was the next witness. Counsel for the government asked him to bring in a statement of the Texas Pacific and West in the period between 1883 and 1901, so as to show how much went by rail and how much by steamer.

MORGAN LINE MAD.

Mr. Ely said: "The Morgan line got mad about something and quit reporting about 1901. I did nothing about it. That was up to my superiors."

Frank M. White, auditor of the division of rates and transportation of the Interstate Commerce Commission, presented a statement of the Texas Pacific and West in the period between 1883 and 1901, so as to show how much went by rail and how much by steamer.

This showed that the rates charged on the various lines were about the same.

DENY INDIAN WIFE STORY.

Report That Gen. Houston's Native Bride Is Living in Want Said to Be False.

(BY DIRECT WIRE TO THE TIMES.) GALVESTON (Tex.) Jan. 6.—[Exclusive Dispatch.] The widely published story from Anadarko, Ark., that the 114-year-old Indian wife of the late Gen. Sam Houston is abandoned near the Kiowa agency in Oklahoma is bitterly denounced by the widow of the first president of the Texas republic, and her two daughters and son, A. J. Houston, federal marshal for the eastern district of Texas.

The family name of the woman, who was a Cherokee and not a Kiowa; that her name was Tellefina and not Tellefina. The family declare Gen. Houston had no children by his squaw wife, who died before he married again, and her grave at Fort Gibson in Oklahoma is marked by a suitable monument.

Desmond's Desolated.

The play of Hamlet with Hamlet left out, or, at least, with the rim knocked off, are sights peculiar enough in themselves; but they could not exceed, as matters of curiosity, a clothing store without clothing. And yet that's the anomaly that C. C. Desmond of Los Angeles has on his hands this morning—two and one-half acres of clothing store without a scrap of clothing in it.

The Christmas shoppers were the people who made the desolate waste at the corner of Third and Spring. When they began operating Mr. Desmond had a fine store filled with clothing of every description that taxed the capacity of the place clear from the Spring street front to the Third street entrance and back to the cashier's office. All that's left of that this morning is what the public sees in Desmond's taking the "clean up" philosophically—invises the people to call at the store and see the ruin the shoppers left in their wake. It looks like a Kansas grain field after countless millions of grasshoppers had fallen on it. It shows what a Los Angeles Christmas can do to a merchant who has tried to get ahead of the supply of things that people want. Be sure to call at Desmond's today and look at the wreck—Adv.

CHICAGO, Jan. 6.—[Exclusive Dispatch.] The police are today searching for a man and woman who robbed George M. Kucharik, jeweler, of \$1500 worth of gems by a clever trick. Incidentally all jewelers are being warned of the use in an effort to prevent its repetition. The woman, well dressed and apparently well-to-do, entered the jewelry store and asked to be shown some rings. Kucharik laid several trays before her. After looking at them she declared that she did not like them and walked further down the store to look at other things. The jeweler followed her and did not notice the approach of a man outside. Suddenly there was a crash as a brick was thrown against the window and the man snatched trays of jewels and ran. As the jeweler started toward the door the woman blocked the way and fell into his arms in an apparent faint. While holding the woman the jeweler saw the man with the jewels disappear down the street. In the excitement that followed the woman slipped from the store.

WILD WEST IN CHICAGO.

CHICAGO, Jan. 6.—John L. Smith was the principal actor in a shooting scrape with a railway crossing towerman and an ensuing fight with four policemen in an automobile on a south Chicago thoroughfare yesterday. The big touring car in which several men were struggling for a time as it went dashing up the street, with scores of people watching the encounter, eventually landed in a ditch. Smith and his chauffeur were arrested. This bit of wild western life transferred to a Chicago suburb started when the towerman let down the barriers as a freight train approached. Smith kept his machine going, it is said, breaking the barriers and shot at the railway employe, who had climbed down and pursued him. Policemen chased the automobile, climbed into it and in the running fight, one managed to steer the machine into the ditch, which ended the battle.

RAILWAY RECORD.

SANTA FE IS MAKING MONEY.

Surplus of Nearly Two Millions in Four Months.

Cuts in Operating Expenses Increase Its Net.

Road Making Envyable Record for Recovery.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Jan. 6.—[Exclusive Dispatch.] After taking care of all charges and making provision for the payment of the regular dividend rates on both its preferred and common stock, the Santa Fe road closed its first four months of its current fiscal year with a surplus of nearly \$2,000,000. Its earnings for these four months were at the rate of 10-1-2 per cent. on its common stock for the entire year.

Gross earnings for the period were \$30,427,011 and net revenues \$11,502,553. The surplus was \$2,704,804 in excess of that of the first four months of the corresponding period in the previous year. This increase in net was made possible by a cut of \$4,200,000 in operating expenses.

November was the first month in the current fiscal year in which the road had any increase in its gross earnings, and the gain in net for that month was the largest thus far in the current fiscal year. Maintenance charges came in for a large share of the gain.

The Santa Fe is making an enviable record as being among the first to recover fully from the effects of the depression. The road still has great possibilities ahead of it. Much of the territory tributary to it has hardly begun to be developed.

JOHN SHARP'S KEEN LETTER.

Georgian Declines Invitation to Taft Banquet With Good-humored Fling at Republicans.

(BY DIRECT WIRE TO THE TIMES.)

ATLANTA (Ga.) Jan. 6.—[Exclusive Dispatch.] In refusing to accept an invitation to the Taft banquet to be given in Atlanta, Friday night, January 15, John Sharp Williams, former Democratic leader in the House, could not resist the temptation to make good-natured flings at the Republican party. Much as Mr. Williams likes Taft and his fond of "almond bear and other such luxuries, he could not find the time to make the trip, and declined in the following letter:

"By means of our organization we will attend the banquet given in honor of Mr. Taft in the Auditorium in Atlanta on January 15. PLAN TO SPANK THE PRESIDENT.

Five Different Ways to Punish Executive.

Report to Be Made Tomorrow Will Satisfy Radicals.

But—Interesting Documents to Be Sent to Hale.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Jan. 6.—[Exclusive Dispatch.] Unless present plans carry, the special committee appointed to report to the House on the offensive portions of the President's recent message regarding the secret service, will come into the House next Friday with a report which is calculated to satisfy the most radical member of Congress.

The committee met again this afternoon, and it is understood that the pressure that has been brought to bear on it has been so great that there is now no thought of a conciliatory report. Five distinct propositions are now under consideration:

- (1) To expunge from the records the offensive remarks of the annual message.
- (2) To lay the annual message on the table indefinitely.
- (3) To return the message to the President without comment.
- (4) To return the message with the objections of the House enumerated.
- (5) To return the special message of explanation with the blunt statement that it is irrelevant and that it does not satisfactorily explain the charges previously made.

On his part, the President will tomorrow send to Senator Hale a mass of most interesting documents on the workings of the secret service. He thinks this showing will be unanswerable.

"THERE WITH THE GOODS."

NEEDHAM GETS ENOUGH FIGS.

CONGRESSMAN IS SHOWERED WITH CALIFORNIA PRODUCT.

Promises to Show Ways and Means Committee What California State Could Do Is Made Good by Many Consignments and Legislators Are Generously Regaled.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Jan. 6.—[Exclusive Dispatch.] Congressman Needham is being showered with samples of dried figs. When the Times announced that he had made an indignation protest against the meagre little bunch of dried figs, submitted by some importer as a sample of California's product, and had said he would undertake to procure some real California figs to show the Ways and Means Committee the growers and packers took notice, and at once began forwarding figs. Needham has regaled the committee with figs of every kind—all good. He proudly asks if they ever saw any imported figs as good as these. They never did, and they always accept more from the fresh consignments. Even Champ Clark seems to melt in view of these California figs. There is no doubt in the minds of the committee that California can deliver the goods. Needham asks feelingly: "Gentlemen, would you allow an industry like that to perish?"

GATES SECONDS CARNEGIE.

He Declares That Tariff Schedules on Coal, Lumber and Iron Ore Should Be Cut.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Jan. 6.—[Exclusive Dispatch.] Andrew Carnegie's assertion that the iron business can now go it alone finds a second in the letter just received by Speaker Cannon from John W. Gates, in which he declares that the coal, lumber and iron ore schedule could be cut 10 per cent without any harm resulting. Cannon turned the letter over to the Ways and Means Committee, which finds it rather embarrassing.

JAPS STILL WORRY HAYES.

OPPOSED BY ADMINISTRATION.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Jan. 6.—[Exclusive Dispatch.] Congressman Hayes has made every possible effort to secure the passage of an exclusion bill forbidding Japanese laboring classes to come to this country, but he has met with opposition at every turn from the administration. The President, Secretary Root and Secretary Straus are all satisfied that Japan is determined to keep her undesirable classes from migrating to this country and its possessions without any suggestion of coercion, and as long as she does so the administration will not sanction any legislation.

ROOT MAKES TREATIES.

Arranges Friendly Relations Between Panama and Colombia and Payment of Debt.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Jan. 6.—[Exclusive Dispatch.] A series of treaties between the United States, Colombia and Panama has just been completed by Secretary Root, which will result in the recognition of the independence of Panama by Colombia, a resumption of friendly relations between those two countries and payment of the debt to Colombia.

By the terms of the treaty the United States, which nine years after the signing of the treaty with Panama, was to pay to that republic \$250,000 a year for a term of

years, will pay to Colombia the amount due to Panama for ten years, thereby discharging Panama's debt to Colombia.

OPPOSE HATCH-HETCHY.

(ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, Jan. 6.—Opposition has developed to the proposition to allow the city of San Francisco to acquire portions of the Hatch-Hetchy and Lake Eleanor reservoir sites in the Yosemite National Park for the purpose of a municipal water supply.

The Sierra Club, of San Francisco, the Appalachian Mountain Club, of Boston, and certain individuals have filed protest with the House Committee on public lands against the granting of the privilege sought, and a hearing was held by the House Lands Committee today in opposition to the project.

AFRICAN TRIP BEFORE HOUSE.

ANANIAS CLUB ALSO.

(ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, Jan. 6.—The only incident worthy of note in the House of Representatives today and one that caused a good deal of amusement, was a brief discussion of the African hunting trip of President Roosevelt. Incidentally there was a reference to the famous so-called Ananias Club, the whole of which was based on a story stating that Edgar O. Mearns of the army was to accompany the President and that in order to do so he had sent out on the retired list with increased rank.

The rest of the day was devoted to miscellaneous bills and resolutions.

STILL AFTER WILEY.

Members of Congress Will Continue Efforts to Get Rid of Pure Food Man.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Jan. 6.—[Exclusive Dispatch.] They haven't got Dr. Wiley's scalp yet, but they are still after him. Such influential members as Vice-President-elect Sherman and Perkins of New York are hot on his trail. And while one side is gunning for Wiley, another is after the pure food referee board which was appointed by the President, almost exclusively because of the demand of the California fruit growers, to see whether or not Wiley was right in prophesying that persons who eat the sulphured fruits were on the direct road to the boneyard.

The House Committee on Agriculture has discovered that Secretary Wilson set aside \$100,000 to pay the seven members of the board their per diem of \$25 per day each and expenses. They estimate that he did not have the authority to do it. He must show them. If he can't show them, what will he do? Will he have to make good the illegal expenditure, and if the board is disbanded, will that let Dr. Wiley get again for place the ban on California dried fruits.

WASHINGTON BRIEFS.

Annapolis Appointments.

WASHINGTON, Jan. 6.—President Roosevelt yesterday made the following appointments to the Annapolis Naval Academy for 1909: Sherman Elliott, a son of Capt. Charles F. Elliott of the army, retired; George M. Tidale, a son of the late Judge R. D. Tidale of the navy; and Stewart R. Whitson, son of Chief Gunner Frank H. Whitson of the navy.

Progress on Canal.

WASHINGTON, Jan. 6.—Total excavations for December on the Isthmian canal were 3,581,473 cubic yards, compared with 2,920,434 in November and 2,201,734 in December, 1907. There were twenty-six working days in December against twenty-three in November, while the rainfall for December was 5.33 inches, against 11.66 in November.

Tests for Naval Officers.

WASHINGTON, Jan. 6.—A modified order prescribing physical tests for naval officers has been issued at the President's direction. The order provides that the tests shall apply to all officers on the active list, instead of confining them to those below the rank of rear-admiral.

New California Postmasters.

WASHINGTON, Jan. 6.—[Exclusive Dispatch.] The following are the fourth-class postmasters that have been appointed: Frank Sumate, Spadra, vice C. D. Curtis, Los Angeles; Lena Gregory, Rocklin, vice H. H. Griswold, Colfax; Joseph Smith, Downey, vice C. C. Deceased, Santa Barbara county; vice J. S. Downs, Redondo Beach; George H. Point, Los Angeles; and J. L. Harless, resigned.

Admiral Nelson Reappointed.

WASHINGTON, Jan. 6.—The President today reappointed Rear-Admiral N. E. Nelson chief of the Bureau of Ordnance, Navy Department, for a term of four years.

Stratton Again Nominated.

WASHINGTON, Jan. 6.—The President today sent to the Senate the nomination of Frederick S. Stratton to be collector of customs for the district of San Francisco.

Named as Postmasters.

"DEMS" ELECT A REPUBLICAN.

Shurtleff Wins Speakership in Illinois House.

Forecasts Stormy Days for Hopkins and Deenen.

Minority Members Feel They Have Friend in Chair.

(BY DIRECT WIRE TO THE TIMES.) SPRINGFIELD (Ill.) Jan. 6.—[Exclusive Dispatch.] Edward N. Shurtleff was today elected Speaker of the Illinois House, by the unprecedented action of the Democrats combining with the Republican minority and thus defeating the "progressives."

At the psychological moment, Lee O'Neill Brown, the minority nominee, released his followers from pledges, and enough of them voted with the Republicans to elect Shurtleff.

The results of this may be startling. It forecasts stormy days for United States Senator Albert P. Hopkins, and he may lose his toga by the same process. Quite as important as the election to the Democratic house of the speaker of the House, Deenen will be pushed with vigor. The Democrats feel they have a friend in the chair, and plans for a contest, which had been temporarily abandoned, were dug up and framed for action immediately following the election.

A strange assertion tonight is that the Democrats voted for Shurtleff without any party bargain. Speaker Shurtleff said he would make no promises on legislation, on the United States Senatorship, or—dearest of all, on the gubernatorial contest, over which the minority is extremely anxious. Gov. Newland's motion to report the bill favorably to the regulation of the gubernatorial contest, over which the minority is extremely anxious. Gov. Newland's motion to report the bill favorably to the regulation of the gubernatorial contest, over which the minority is extremely anxious.

OPPOSING HITCHCOCK.

CABINET JOB ELUSIVE.

(ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, Jan. 6.—According to gossip about the Senate, the hesitancy of President-elect Taft in announcing formally his selection of Frank B. Hitchcock, chairman of the national committee, to be Postmaster General is due to a suggestion that the nomination might call out opposition in the Senate.

It is said if he continued to hold his position as national chairman, considerable objection would be raised to his serving as head of the Postoffice Department, which has more Federal patronage than any other of the executive departments.

Mr. Hitchcock became First Assistant Postmaster-General under Mr. Culliver, and he organized Postmaster and other Federal employees to a degree that made them a political power. The Hitchcock nomination, confirmation is raised, it is said an effort will be made to induce Democratic Senators to take the lead in opposing the nomination.

It is the event it became necessary for him to choose between the national chairmanship and the Postmaster-Generalship, he would retain the former place.

IN THE BALKANS.

CROWN PRINCE FELS FATHER.

ALEXANDER USES FIST AGAINST SERBIAN KING.

Young Hotspur Is Believed to Be Planning an Armed Uprising in the "League of Death," in Which Women Will March Beside the Men, Socialistic in His Utterances.

(BY DIRECT WIRE TO THE TIMES.) BELGRADE, Jan. 6.—[Exclusive Dispatch.] Prince Alexander, "the hotspur of the Balkans," is believed to be planning an armed uprising in the "League of Death," in which women will play an important part. The socialistic declarations of the Crown Prince and his temper have made him the most troublesome of all subjects to his father, the King.

Recently the young man, unbridled by his father for his socialistic activities, felled the King with a blow from his fist. This is taken to indicate that he is planning an armed uprising in the "League of Death," as the patriots call themselves, and drills are being participated in. Shoulder to shoulder with men bearing rifles are women who have taken an oath to go into the field of battle when their leader, the Crown Prince, calls.

At the court, it is said, intrigue is now at work to undermine the power of the King and Queen, who ascended to the throne over the bodies of Alexander and Draga. The King is said to be in constant fear of assassination plots.

For the second time in two days the Serbian Cabinet has tendered its resignation on the ground it does not command the confidence of Parliament. The King has refused to accept the resignation.

CONVICTS GO TO SCHOOL.

TRENTON (N. J.) Jan. 6.—With almost every convict enrolled as a student in the school, the New Jersey State prison here last night with indications that it will be a success. It is hoped not only to give practical instruction, but to arouse ambition and perhaps have an important bearing on the future life of the men when they go forth into the world again.

An interesting feature of the plan is that several of the better educated of the convicts are acting as tutors for their prisoners.

The construction of eight submarine torpedo boats of the largest improved type to cost no more than \$4,000,000 is provided for in a bill introduced in the House Tuesday by Representative Weeks of Massachusetts.

SENATE ADVERSE TO FULTON RATE BILL.

WASHINGTON, Jan. 6.—An adverse report of the Senate on Senator Fulton's bill to prohibit railroads from increasing freight and passenger rates without due notice was made today by Chairman Elkins of the Committee on Interstate Commerce.

The action anticipated a message from President Roosevelt calling attention to the need for further legislation on railroad rates as indicated by the recent decision of the Supreme Court of the United States in the case of E. H. Harriman against the Interstate Commerce Commission. The report by Senator Elkins was made so far two votes had been taken on the Fulton bill, at a meeting of the committee earlier in the day. Several members of the committee were absent.

The Senators opposing the bill obtained authority to make the adverse report after having procured the vote of Senator Foraker, one of the ablest of the Senate. The President's message will be used as an argument in favor of taking up the Fulton bill regardless of the report against it and Senator Fulton has given notice that he will try to do so.

At the committee meeting, there were Senators Elkins, Aldrich, Keen, Dooliver, Tillman, Crane, Foster, Newlands and Mr. Taylor. Mr. Aldrich moved that the bill be reported adversely and Mr. Newlands moved as a substitute that it be reported favorably with an amendment that the Interstate Commerce Commission whether a protest against a proposed increase of rates should operate as a veto on the discretion of the commission to increase rates of such increase had been determined.

On Mr. Newland's motion to report the bill favorably the yeas were 20, nays 17. Mr. Newland's motion was then taken on Aldrich's motion to report the bill adversely and the chairman voted Senator Culliver by 20 yeas to 17 nays. Mr. Aldrich's motion was then taken on Aldrich's motion to report the bill adversely and the chairman voted Senator Culliver by 20 yeas to 17 nays.

The Fulton bill was introduced a year ago and has since been completely stalled in the hands of the commission. It provides that no change shall be made in rates except after thirty days notice to the Interstate Commerce Commission unless the commission allows less notice. Railroads are prohibited from receiving any compensation other than that stated. The penalty for violation is a fine of not less than \$1000.

THE LEGISLATURE.

(Continued From First Page.)

Los Angeles aspirants remained at home. About a dozen Los Angeles hunters of jobs left today for Los Angeles and several more will follow tomorrow. Their return will mean the relinquishment of pretended political power and the return of the city to the hands of their old jobs in city and county government, from which they have been fortunate enough to get leaves of absence.

THREE BILLS OPPOSING.

JAPS ARE PREPARED.

(ASSOCIATED PRESS NIGHT REPORT.) SACRAMENTO, Jan. 6.—Three bills were introduced in the Assembly today dealing with the Japanese question. Johnson of Sacramento has prepared all of these measures, and as floor leader will make a strong fight for their passage.

The first bill segregates "aliens whose presence may be inimical to the health and public morals" of a community, and while the Japanese are not included in the bill, the Japanese Consulate-General at San Francisco has already made one trip to the capital to give cause for the enactment of the Johnson bill, and will have a representative on the ground throughout the session.

TO CORRECT EVILS.

TRANSPORTATION BILL.

(ASSOCIATED PRESS NIGHT REPORT.) SACRAMENTO, Jan. 6.—Senator Stanford (Dem.) will introduce a joint resolution tomorrow, requesting the Interstate Commerce Commission to consider the protests made against the advances in freight rates at as early a date as possible, and request Congress to give consideration at once to the report of Joseph Bristow, special Pan-American Railroad Commissioner, recommending the establishment of a steamship line at once.

The resolution also denounces "the arrangement made by the Pacific Mail Steamship Company with the Transcontinental Railroad Company, whereby the latter company is to be given a share in the profits of the line, and asks for increased powers of the Interstate Commerce Commission.

The resolutions declare that the recent advance in freight rates between California points and the East will "place a burden on the shoulders of merchants and producers to the extent of \$10,000,000 a year."

DEMOCRATS QUIT.

(ASSOCIATED PRESS NIGHT REPORT.) SACRAMENTO, Jan. 6.—The Democratic members of the Legislature tonight discussed for many hours the question of a nominee to the United States Senatorship to succeed George C. Perkins of Oakland. They went into executive session at 9:30 o'clock and continued until a late hour.

The principal bone of contention was the question of fusing with the anti-Perkins Republicans, headed by E. J. Callan of San Francisco. A resolution proposing such a stand was voted down after a lively controversy. It was finally agreed that they go forth into the world again, and Senator Perkins and the Democrats should give the minority vote to a party man.

A resolution binding those present to vote consistently for the caucus nominee was carried. No names were placed in nomination, the caucus adjourning until Monday night at 8 o'clock, when some party leader will be agreed upon. Many members had been pledged to vote for certain men and on this ac-

Direct Testimony Unshaken Except in Few Minor Details—Mist Case.

(ASSOCIATED PRESS NIGHT REPORT) PLUSHING (N. Y.) Jan. 6.—For more than six hours today Dist. Atty. Darrin kept Thornton J. Hains under a ceaseless fire of cross-examination, and while the defendant frequently admitted that he could not remember some of the minor details, the essentials of his direct testimony remained unshaken.

Hains told the court that he had been ill yesterday. This, he declared, caused him to be forgetful. He was still under the prosecutor's fire when court adjourned.

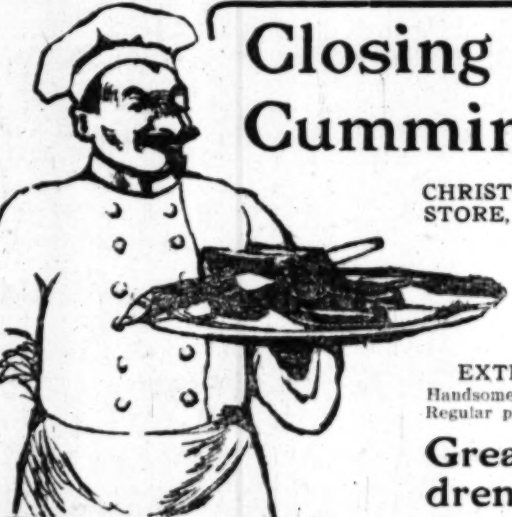

Dist. Atty. Darrin led the defendant to admit that when Anna's boat was nearing the float he told Capt. Hains he was going home, and left the captain standing on the dock showing every evidence of mental disturbance.

Hains said he had walked about thirty or forty feet toward the clubhouse, and when he returned Capt. Hains had disappeared. The shooting followed.

Justice Crane informed counsel that they must have their evidence in by Saturday night.

The 20-year-old man supposed to have been a deacon of the United States army and who identified the body of his own identity, confessed.

LIFE'S BEASTLY SIDE.
MINISTER IN
CHURCH SLAIN.

He Had to Pieces and
Put in Store.

Terrible Struggle at
Bloody Altar.

Escapes, Leaving no
Clew to Motive.

(BY DIRECT WIRE TO THE TIMES.)

OUT HURON (Mich.) Jan. 6.
[Special Dispatch.] Murdered, after
a terrific battle with an unknown as-
sailant, last night, Rev. John J. Car-
michael, the minister of the church at
Adair this morning.

The body had been chopped to
pieces, the fragments stuffed into the
big stove in the church, and par-
tially consumed. After completing his
funeral work, the slayer then drove
the minister's buggy to Pine River,
and made his escape.

Mystery enshrouds the motive for
the murder. So far as can be learned,
the slain man had no enemies, nor
robbery the cause, because the
money which Carmichael had with
him was not taken, trace of it being
found in the pockets of the charred
stove and among the ashes in the
stove.

The first information that the mur-
der had been committed, was secured
this morning, when Byron Brown
dropped into the office to escape the
chilly winds of the morning. The sight
that met his eyes startled him. The
interior of the building resembled a
slaughter pen. Blood covered the floor
and was splattered about the pews,
and even on the altar. One window
was broken, and a chair was smashed.
Red-stained undergarments, which lat-
ter was identified as having belonged
to Carmichael, were torn to shreds and
scattered about the structure.

Brown notified the county authori-
ties, and when they reached the church
the partially cremated body of Rev.
Carmichael was found. The stoves
were bloodstained, and their doors
closed. In the interior of the church
the officers discovered dismembered
parts. In one of the stoves was found
what appeared to be the head of a new
hatchet. The handle had been burned
away from it. In the church was also
found a dirk.

In the opinion of the officers, Rev.
Carmichael was stabbed to death, fol-
lowing a battle within the church.
The body, the authorities believe, was
then cut to pieces with the hatchet.

JEWELER DISAPPEARS.
JEWELS GO, TOO.

(ASSOCIATED PRESS DAY REPORT.)
SAN FRANCISCO, Jan. 6.—A war-
rant was issued today for the arrest
of Benjamin Goodman, a jeweler,
whose place of business is at Sixth
avenue and Clement street.

Goodman is charged with felony
embezzlement, and the police are ad-
vised that he has obtained jewelry
valued at \$5000 from local wholesalers
within the past month. The specific
charge is the embezzlement of three
diamond rings, valued at \$317, the
property of Nordmann Bros.

It is charged that Goodman obtained
the goods to sell on commission, re-
peating the deal with several other
wholesalers, none of whom have re-
ceived any return.

The police believe the jewelry has
been sold and that Goodman has fled.

WANTED IN SAN FRANCISCO.
Julius Thurston, wanted in San
Francisco on the charge of forging the
name of Grey Brothers to a check for
\$5, was arrested here last night. The
forgery was committed in Los Angeles
and the check was passed here, but
the warrant was issued in San Fran-
cisco, where the crime was first de-
tected.

LIQUOR VIOLATION CHARGED.
Frank Sohn, a druggist at No. 124
East Ninth street, B. Nea, and B.
Tomlinson, owners of a saloon at No.
116 East Ninth street, were arrested
last night on the charge of violat-
ing the liquor ordinance. They each
deposited \$100 bail.

Young Men Who Seek Gallipoli Brides
Must Have Bank Accounts

First.

(BY DIRECT WIRE TO THE TIMES.)
GALLIPOLI (G.) Jan. 6.—[Exclu-
sive Dispatch.] Gallipoli girls have
started savings accounts. They have
organized a club and have taken a
solemn oath that they will never
marry until they find a man able to
support a wife. The club is known as
the "Go-it-alone" Club.

"Too much unhappiness comes from
indifference of the future," one of the
girls said. "The man that wins any
member of our club must show that he
is worth the prize."

"Of course we are not pining for
the life of a spinster, but we care not
to be won by the 'love in a cottage'
theory unless it is backed up by real
money."

The members of the club are Misses
Alexandra, Numa, Boles, Ethel
Alexander, Lucie Hill, Mae Hall and
Marie Rathburn.

Our first intention was to run this sale a week, but the merchandise has been fairly melting away, and small wonder when you consider the ridiculous prices. Almost impossible to care for the crowds yesterday—today with an entirely new price programme, refilled counters and bargain centers, selling is going to be still more active. You mustn't think because you weren't here yesterday that you won't be able to share in the wonderful bargain spread. As fast as one lot is sold out, more merchandise comes forward to replace it. It's an ever-changing panorama of bargain possibilities. Enthusiasm reigns everywhere, acres of floor space, an army of clerks, tons of merchandise, some of it looks pretty bad when you first glance at it, because it's soiled and mused and the edges burned—this is true of domestics and towels; but trim off the burned edges, use a little soap and water, and you'll find the center is as good as even. Look for the new prices for today.

THE LATEST NEWS OF SPORTS, LOCAL AND TELEGRAPHIC.

SAINTS MAY ENTER FOLD.

Negotiations Started With A.A.U. Commission.

Athletic Teams May Register in Amateur Ranks.

Professional Promoters Are Barred from Marathon.

St. Vincent's College is about to make application to enter the Pacific Athletic Association of the A.A.U., and it is probable that the school may be taken in next Wednesday night at a meeting of the P.A.A. Commission.

Coach Moore of St. Vincent's and President George W. Braden of the commission held a long conference last night at the Los Angeles Athletic Club, at which Moore was informed of the necessary steps to be taken to enter. He will report back to his college authorities, and it is expected action will be taken early next week if the school can see its way clear to come in this year.

It has already been decided to enroll members of the St. Vincent's basketball team in the A.A.U., as the team is about to enter a five in the Men's League. St. Mary's and Santa Clara colleges, prospective opponents of St. Vincent's, are members of the P.A.A. Braden announced last night that action had been taken to keep all amateur athletes out of the hands of individual professional promoters, and that no sanction would be given for meets held by them. He said, however, that sanction would be given for meets held by amateur athletic clubs or similar organizations, and that any other clubs might meet them in competition.

It was pointed out that the Marathon race, to be held at the Shrine Auditorium, did not come under this head, although Charles Epton, who is to manage the meet, is a professional sportsman, as he referees prize fights. It is explained that the club, which is a business corporation, will not receive the benefits of the prize fight rule. The various amateur athletic departments of the club will receive the receipts, together with the A.A.U. Commission in its official capacity.

MCCAY IS COACH.

SLAPS SAINTS INTO FORM.

Bert W. McCay, third baseman of the Oakland Baseball Club and field captain for the Commuters next season, has signed to coach the St. Vincent's College baseball team for the coming season. It was decided by the Athletic Board of Control late yesterday afternoon that Coach Moore had too much work on his hands, and Manager Stoney immediately grabbed McCay, who has been rounding himself into condition at Chutes Park. Moore will now assume charge of the St. Vincent's High School baseball team, with which he won the prep school championship last season. He will also coach the college track team.

McCay has been assisting the Saints during the last week on the infield, but will now take full charge, and will remain with his spirited club until the Coast League gets into action. McCay has plenty of ginger and spirit and a peculiar way of instilling it into the men he handles. It is just such a man that the Saints need this year, as they have the makings of one of the fastest lines the college ever turned out, but so far the candidates have not shown an over-abundance of spirit.

Manager Stoney wears a big smile over the returns from the letters which he has sent out to the different college teams in the northern part of the State in quest of games. Santa Clara and St. Mary's are cinched, so says the Saints' manager. Stanford and California will be so in a few days, and the games with Nevada and the University of Utah are at good as settled. Contracts for the latter two games have been signed on this end of the line, and have been forwarded.

WORK AT POMONA.

STARTING AT THE BOTTOM.

CLAREMONT, Jan. 6.—Pomona College track work began yesterday when about forty men responded to the call for candidates. After a half-hour given over to general instructions and exercises in the gymnasium, Coach Stanton took the men out onto the track for preliminary work in starting and running. The men were sent out in a mark in squads, and after-wards given separate points on how to develop form in running. Both field and track candidates were given this preliminary work.

Coach Stanton told the men that during all the first part of the season the work would be largely to secure form, and that few attempts to make fast time would be permitted. This means that while a few good records will be made in the next few weeks, the work of the team at the end of the season should exceed expectations based on early showings.

JACK ATKIN IS CLASSY BEAST.

LEFT STANDING AT POST AND THEN WINS EASILY.

Nag Fern L. in Same Race at Arcadia Throws Her Jockey Twice and Then Finishes Third—Card is Only Very Ordinary One but Good-Sized Crowd of Sports Attend.

The village cut-up tricks by Fern L. in the fourth race, in which she threw her pockey twice, and the impressive victory of Schreiber's Jack Atkins in the same race, were about the only features of the sport yesterday at the Arcadia race track. A good sized crowd of sports turned out and the bookies did a good business all afternoon, the time being fast and the finishes close and exciting.

The feature was the fourth, the San Marino handicap at five and one-half furlongs and in it were Jack Atkins, Waterbury, Fern L. Gemmell and W. Burt. Jack Atkins, even with 122 pounds, was left standing at the post and the others were many lengths in the lead before he got away. When he did start, however, he ran over the field in front of him and won easily in 1:06 2-5, which is not far from the world's record for the distance.

While going to the post, Fern L. bucked Jockey Page over the fence and when he remounted her, he was again thrown off, but he got back on for the third time managed to stick and finished third. No long shots were made in the race.

YESTERDAY'S RACES.

Five furlongs: Elizabeth Harwood, 107 (Page); Fore, 107 (Howard); second; J. H. Reid, 112 (Treubel); third; time 1:02 2-5. Ozone, Fundamentals, Servance, Sals, Nito, Gules, Lulu G. and Bertha also ran. Chipmunk, Belle of Menard, Guy Fisher, Ollie, Uncle Jim and Paradise Queen scratched.

(BY DIRECT WIRE TO THE TIMES.)

BUTTE (Mont.) Jan. 6.—(Exclusive Dispatch.) Butte's Merchants' Association is on record as against poolrooms and against a race meeting of more than fourteen days. A committee of the Merchants' Association will circulate for signers a petition to the House and Senate at Helena. It follows, in part:

"Your petitioners respectfully pray your honorable body to pass such legislation as shall suppress the poolrooms entirely, and restrict pool selling and bookmaking on the race track, if it does not seem feasible or advisable to suppress them entirely. Your petitioners respectfully suggest that if pool selling and bookmaking on race tracks be allowed, they be restricted to not more than fourteen days in any one year, in any county."

HOWLAND IS PRESIDENT.

Out West Club Elects Officers and Selects Cahuenga Tavern as Meeting Place.

Robert S. Howland was elected president of the Out West Club, an association of horseback riders of Southern California, at a meeting held last night.

Other officers elected were: Will H. Grosscup, vice-president; Robert M. Yost, Jr., secretary; F. E. Davis, treasurer; executive committee, A. W. L. Dunn, A. R. Dodge, E. A. Brinshaw, J. S. Hendrickson, H. W. Howland, W. H. Grosscup, F. E. Davis, A. P. Richardson, Clarence Giddings, B. K. Richardson, R. M. Yost, Jr. and W. H. Oliver.

The next meeting of the club will be held January 17 at the Cahuenga Tavern.

BUILD PRIVATE GARAGE.

NEW YORK, Jan. 6.—Weary of paying extortionate charges at public garages, a number of wealthy New York automobile owners have organized a \$100,000 syndicate to build a private institution. A site for the structure has already been purchased.

NEGOTIATIONS ARE ON FOR AN OUTLAW PARK.

FRANK HERMAN, president of the California State League, is leaving Cy Moring and Danny Shay in Los Angeles to negotiate a deal for a baseball park for the so-called outlaw league, and will return to the north at once to look after the league's interests in San Francisco and other points.

Herman said last night that the prospects in Los Angeles looked good and that he believed Moring and Shay would be able to complete a deal to establish a club here. He believes Los Angeles could be made into a great ball town by giving the fans the best players and keeping them here instead of shipping them off to other places in the league. The outlaw chief would give out no statement as to what the league's commissaries would do here, but reported progress as satisfactory.

NEW CLASSIFICATION.

THREE LEAGUES FAVORED.

(ASSOCIATED PRESS DAY REPORT.) CINCINNATI, Jan. 6.—The final settlement of the minor league baseballs that threatened a baseball war was ratified at a brief session of the National Baseball Commission today.

By an agreement already reached, the American Association and the Eastern League get all they asked for, excepting a separate organization entirely outside the National Association.

Those organizations, with the Pacific Coast League, hereafter are to be known as Class AA, and are to have the right to draft players from the Southern and Western leagues. They are sent back to such clubs without first passing through the AA leagues.

Five and a half furlongs: Adrucho, 95; Col. Boh, 102; Golly Ding, 102; Hal-lows, 102; Rapid Runner, 98; Seymour Beutler, 103.

Mile and three-sixteenths: Animus, 102; Black Mate, 102; J. C. Clem, 102; Wuerzburger, 102.

OAKLAND EVENTS.

GAMBRINUS SURPRISES.

(ASSOCIATED PRESS NIGHT REPORT.) OAKLAND, Jan. 6.—Clear weather prevailed at Emeryville today, but the track was very muddy. The feature of the card was the fourth race, in which some clever performers met.

Bellevue went to the front at the bell and was never headed, winning from Grace G. and Jacobite.

Gambirinus proved a surprise in the mile event, Gull (Keech) second, when he beat Good Ship. Results: Six furlongs, selling: Belle Kinney, 110 (Mentry); won; Woolman, 110 (Miller); second; Saragossa, 112 (Miller); third; time 1:16 1-5. Duke of Orleans, Marion Rose, Lady Carol, Mendon, Metakalia, Transmute, Toss and La Rose also ran.

Five furlongs, purse: Gilbert Ross, 101 (Scoville); won; Good Ship, 107 (Miller); second; Graham, 110 (Lee); third; time 1:14 2-5. The champion of the Pacific Coast, Walter Hobart, R. M. Tobin, Tom Driscoll and John Lawson.

Los Angeles—Dr. Roseke, Cameron Rogers, Ernest Wickenden and Bert Roseke.

Los Angeles—B. N. Smith, Jr., Harry Welas, Rufus Spaulding and Harry Messmore.

Riverside (two teams)—Mal Ross, Harry Patten, M. Redmayne, Fritz Nave, W. E. Pedley, Lionel Roberts, Frank Hudson and Tom Weiss.

England—Frank Mackey, Bert Rich, A. Gill and Rotherham.

Other teams entered include one from Canada, another from the Bryn Awar club, in the East, and it is expected that still others will participate. Paul Schmidt is to go north soon to complete final arrangements, and a complete list of the teams and their members will be published as soon as the final details are arranged.

For the pony races a long list of riders have already entered and the best sort of sport is anticipated. They include such well-known sportsmen as Tom Williams, Tom Jenkins, Dr. Roseke, Charles W. Clark, Frank Mackey, Francis Caroline, Rudolph

POLY'S BALL TEAM.

PITCHER'S POSITION WEAK.

Polytechnic High School expects to have the best baseball team this year in the history of the institution. Fifteen students, all fairly good players, have been out here after afternoon this week, and among them are five of the members of last year's team. The boys are showing excellent ability at batting, besides showing up well in the field.

Monk Pierce is captaining the squad, and will play in his old position at shortstop. There are two catchers, Tompkins, Carlele, and Porter are training their arms, and perhaps one of them will develop into a star.

Price and Dodson are trying out his first base and both are showing good ability. Bibb is trying to hold onto his position.

NEW QUAIL LIBERATED.

State Fish Commission Turns Loose Hungarian Pheasants Which Are Protected by Law.

The sportsmen of Southern California are to have a game bird to hunt within the next three or four years, for the California Fish Commission has just turned loose seventy pair of Hungarian pheasants in this end of the State. The distribution having been made Tuesday. The commission recently received an importation of 280 pairs of pheasants from Hungary and about one-third of the lot was sent here.

Sixty birds have been sent to the Porter Ranch in the San Fernando Valley, twenty pairs to Riverside, and twenty pairs to San Diego to be liberated near Del Mar. These birds are protected by law and will be unlawful to shoot them until the law is repealed.

The birds are larger than the California mountain quail and resemble very much the eastern Bobwhite quail in coloring, but are about twice as large. The feathers are reddish yellow with a black eye-like spot and are certainly very handsome and game. They are found in wheat fields and alfalfa patches and might prove undesirable for this reason, although they are very fine birds.

They thrive well in some localities and fare poorly in others, but if the present experiment of liberating them here proves satisfactory in the next two or three years, the restrictions against shooting the will, undoubtedly be removed.

OUT WEST CLUB ELECTS OFFICERS.

Selects Cahuenga Tavern as Meeting Place.

Robert S. Howland was elected president of the Out West Club, an association of horseback riders of Southern California, at a meeting held last night. Other officers elected were: Will H. Grosscup, vice-president; Robert M. Yost, Jr., secretary; F. E. Davis, treasurer; executive committee, A. W. L. Dunn, A. R. Dodge, E. A. Brinshaw, J. S. Hendrickson, H. W. Howland, W. H. Grosscup, F. E. Davis, A. P. Richardson, Clarence Giddings, B. K. Richardson, R. M. Yost, Jr. and W. H. Oliver.

BASKETBALL SCHEDULE.

The basketball schedule of the county league will reopen Saturday with all of the teams in the best of condition. Whittier and Polytechnic will play at Whittier, Los Angeles High and Pasadena High at Los Angeles, Long Beach and South Pasadena at Long Beach and Hollywood and Harvard at Harvard.

CLUB CANCELS BOAT.

LITTLE ROCK (Ark.) Jan. 6.—The Hyland-Mowatt boat scheduled for January 14 has been cancelled by the Arkansas A. C. on account of a controversy as to the identity of a fighter who is in New Orleans and who was seen corresponding with local promoters under the name of "Fighting Dick" Hyland. The club has been advised that the real "Fighting" Dick Hyland is on the Pacific Coast.

Hickey of Los Angeles, now at Nice, in which he says: "If you have a list of Americans in Italy please say that I am alive and well. I have left my car in Capri and gone to Nice for the winter."

No Claw to Counterfeit Owners.

There is no apparent claw as to the ownership of thirteen counterfeit coins found on a vacant lot on East Third street by health inspectors. Relic of Lincoln.

At this time when preparations are being made for the celebration of the one hundredth anniversary of the birth of Lincoln, many reminiscences and relics of the martyred President are turning up. One owned in this city is a quaint walking stick once carried by the President and left by him at the old Monongahela House in Pittsburgh, while en route to the second inauguration. It is the property of A. H. Perkins, No. 514 Aldama avenue. The Minnesota Historical Society once sought its possession and Mr. Perkins also had correspondence regarding it with other curio collectors of note, including J. Pierpont Morgan of New York. It is a slender old piece of wood without a handle.

BONDS ARE CARRIED BUT BY SMALL VOTE.
Flagrant Irregularities in the Election—Great Register Was Ignored and Aliens Could Vote—Purity of Elections Law Violated—Scandalous.

For High School bonds..... 7985
Against High School Bonds..... 3006
For Common School bonds..... 8099
Against Common School bonds..... 3099

WITH weeks of preparation, by dint of fraudulent and illegal voting, with ample funds and the services of hundreds of workers, the school management was able to carry the bond election yesterday, not by the "10-to-1" vote boasted by Superintendent Moore, but by a scant majority over the necessary two-thirds.

It is almost unbelievable but absolutely true that the register of voters was not used at the polls; that any man, whether a citizen or not, could vote and vote as often as he chose; that it was possible for a rounder to vote in every precinct in the city; that all the usual safeguards were dispensed with. The election was worse than a farce; it was a disgrace. The total vote was small.

Using all sorts of pernicious politics, including the illegal intrusion of boy solicitors at the polling places and conducting the election with amazing boldness of irregularity, the school management got, legally and illegally, 7985 votes for the High School bonds and 8099 for the common school bonds.

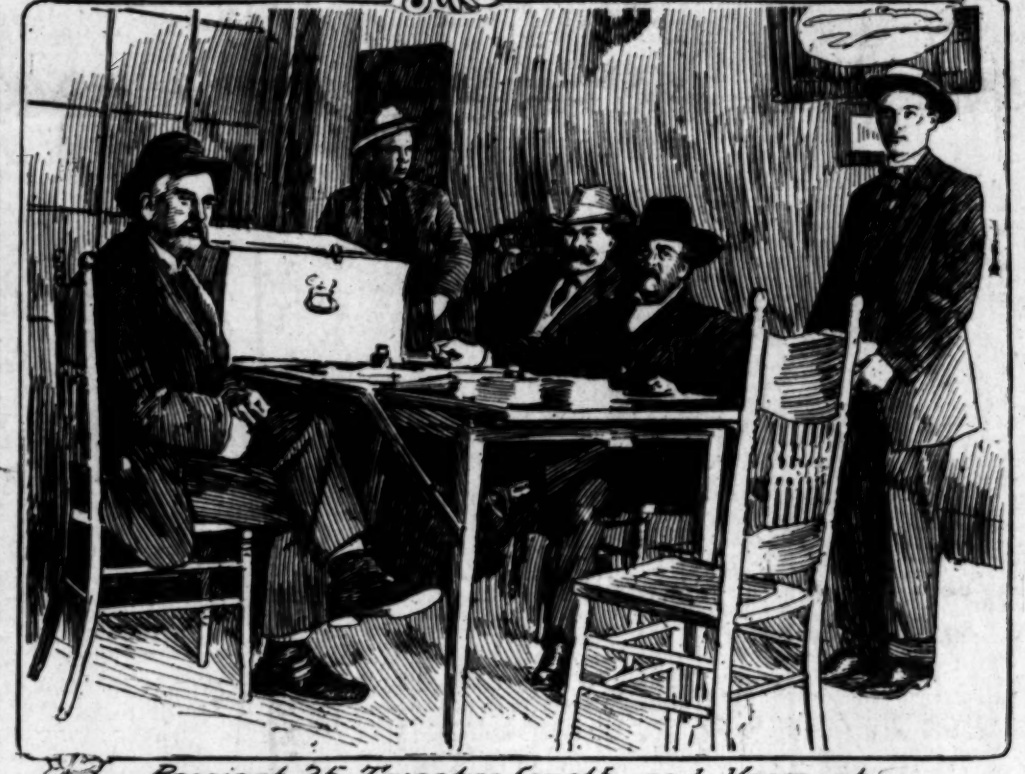

Those who voted "No" numbered 3006 against the High School bonds and 3099 against the common school bonds. These figures were the totals of precinct returns made at the Board of Education's office last night by Deputy Superintendent Monlux. The High School bonds' majority was 2953 over the common schools bonds, 1902.

The validity of the bond issue is yet to be determined. Not only the City Auditor, who has fought the bond issue, but other authorities, are preparing to question its validity upon several grounds. The failure of the administration to require the use of the Great Register at the polling places is one of the grounds attorneys say is tenable. They hold that the plain intent of the school bond elec-

any of this work within 100 feet of a polling place. Look!—the boys were ignorant of the law; but the men who put them up to the criminality knew better.

The twenty years education in the privacy of the Australian ballot, and the other safeguards that have been added, met this situation yesterday: ANYBODY COULD VOTE.

In every precinct the voting was open. There was no hint of privacy. Healers were permitted to lean about the ballot box and ogle the voter as he prepared his ballot. When a voter approached the polling place he found

Boys at the Polls in Bond Election.

tion law is to require safeguards and that the omission has been fatal.

LAW VIOLATED.
At the instigation of the school authorities the purity of elections law was openly violated by young men and boys, who electioneered for the bonds inside the booths and about the doors. It is a criminal offense to do

a group of boys about it. They were "pluggers" for the bonds. Inside he found the election board. The ballot on common schools bonds was white and provided a place to vote "yes" or "no" and the voter marked his ballot or the election officer marked it just as it suited the voter.

The voter was asked his name and if

LID LIFTERS BESIEGE NEW CHIEF IN VAIN.

WHILE FATHER'S AWAY.
His Son is Married to the Surprise of His Young Bride's Parents.

When W. A. Banks, head of the North Ontario Packing Company of Los Angeles, returns to his Hollywood home from a business trip to Boston, he will find an entirely unexpected addition to his family. His son, W. S. Banks, has taken unto himself as wife, Jennie Thorpe, daughter of W. G. Thorpe, head of an engraving company of this city.

Miss Thorpe, or Mrs. Banks, is rather pretty, and 18. Banks is 21, and ardent. The combination was too much for Cupid, and he hurried along the match without asking by-your-leave of the young folks' parents.

The ceremony took place in Santa Ana Monday afternoon, but the announcement was not made until yesterday. At the former home of the bride it was asserted that there was no reason why it should have been kept a secret unless, perhaps, there was a romantic one.

The bridegroom is in business with his father in this city, and the two families are prominent socially. Just what Papa Banks will say when he returns no one knew yesterday.

The couple are living at the home of the bridegroom on Prospect avenue, Hollywood.

CHIEF OF POLICE THOMAS
BROADHEAD seated himself in the big chair recently vacated by Edward Kern, and mingled with the duties of his new position early yesterday morning.

When the gong for the last round had been sounded, Broadhead came cautiously from the telephone booth into which he had crawled, and looked wearily down the street at the long line of self-appointed "lid lifters" who were wending their way toward homes in the tenderloin and elsewhere.

Broadhead is still Chief of Police, and the lid is still on, and on tight, but nevertheless, it was the most strenuous day in the life history of that officer.

A delegation from that section politely called the Oriental quarter, and more familiarly known as Chinatown, was the first to arrive. The delegates were clad in everything from kimonos to mandarin cloths, and were loaded for bear.

The spokesman bore a bowl of freshly-cooked rice as a peace offering; in fact, the rice had been too freshly cooked, and the china bowl had become considerably heated, so that the spokesman stood first on one foot and then on the other, while into his face crept a sickly expression, and he was compelled every minute to let go of the bowl with one hand while he blew upon his fingers to cool them.

Secretary Pendergast stopped the chop-suey procession at the outer portal. The Chinese made salaams, for Pendergast is quite an impressive person, and the spokesman, still blowing and sitting on his fingers, presented Pendergast the rice. The secretary took it, and then set it down hurriedly. Later the peace offering was fed to the jail cat.

THE LID CREAKS.
Then the embassy spoke: "Please will Missa Broadhead let China boy play little lottery, little fan tan?"

The lid was fairly creaking in the imagination of the celestials after they had unloaded this comprehensive speech. But a cold draught seemed to be coming from somewhere. Like the mighty "she" in Rider Haggard's book, a terrible presence was felt, but not seen. A large hand made its appearance from the crack of the partly-opened door of the Chief's office, and a strong, husky thumb appeared and pointed downward.

Secretary Pendergast looked, and saw the signal. He interpreted the ancient Roman rapidly, and, turning to the celestial delegation, he spoke: "Skiddoo, twenty-three, savvy?"

The Chinese "skied" and they went their way back to the cold hearth fires in the lottery joints and the unillumined vaults of the fan tan parlors. The lid settled back to its old position with a creak of relief.

Delegation No. 2 followed rapidly on the footsteps of the yellow men. The ambassadors were men and women from the "Bloody Ate" Ward. What they didn't want to know would have made a pocket edition compared to the number of things they wanted explained. A daisy blonde, her pompadour hanging down over one eye and a large and select piece of chewing gum undergoing a process of skill-

DOUBLE CROSS.
ALL MERCHANTS GET TOGETHER.
LOCAL ASSOCIATION TO JOIN IN LEGAL FIGHT.

Do not Oppose Present High Express Rates, but Object to Distortion as to How They Must Make Their Shipments, Whether in Bulk or not—Council Retained.

The Merchants' and Manufacturers' Association of this city will intervene in the case against Wells, Fargo & Co., to be heard before the Interstate Commerce Commission at San Francisco, the 15th inst. The shippers of that city have filed a complaint that covers the whole ground of controversy over increased rates, but the local association will join the litigation. The law firm of Kuster & Loeb will represent the Merchants' and Manufacturers' Association in this case.

The case promises to be one of the most bitterly fought rate cases ever instituted in this State. It is not expected by either side that Commissioner Lane will have the last word as to the matter up to the United States Supreme Court for final adjudication.

The fight is over the right of the express company to arbitrarily raise its rates to stop the practice of San Francisco and Los Angeles merchants to consolidate shipments from New York and elsewhere, west. For a long time it has been the practice of Pacific Coast shippers to have a central warehouse in New York, in which to collect small orders for shipment to the Coast in carload lots. By this means the individual shippers paid only the minimum quantity rate of 7 cents a pound on lots of 20,000 pounds and upward.

The recent raise in rates will make the minimum 13 1/2 cents. The increase will only affect the large shippers, as the rates on small parcels will remain

as before. But this change in policy on the part of the express company will mean an annual loss of many thousands of dollars to Coast shippers. Local merchants alone expend about \$250,000 annually on express charges, as goods cannot reach here quick enough in most instances by freight. The new tariff will mean an increase of from 40 to 50 per cent on articles now brought here by express.

Wells Fargo & Company has a monopoly of express business on the Coast, and is in a position to raise its rates at will, unless restrained by the Interstate Commerce Commission. It claims that consolidated shipments have greatly reduced its revenue and it has retained able corporation lawyers to make its defense before the commission. It is claimed that the transcontinental railroads have joined hands with the express company to maintain the high tariffs which went into effect this month.

A somewhat similar struggle is on with the railroads in other parts of the country because of increased tariffs, but the only local issue at the present time is over switching charges levied on Los Angeles merchants for shunting freight cars back and forth over private tracks to the warehouses. This case comes up for hearing in this city the 14th inst., before Commissioner Lane. No objection is made to charges for shifting cars from one line to another, but the protest is against a charge of \$2.50 per car for merely backing it up on a spur track, at practically no additional expense to the railroad.

READING MATTER TO BURN.
District Attorney Sends Youngsters Home and Swells Circulation of Some Extras.

Dist. Atty. J. D. Fredericks bought out the entire stock of four diminutive newsboys, amounting to over 100 papers, at 10 o'clock last night, on condition that the boys would go straight home. He said that it was too late for small boys to be out and he thought that the best way to get them to go home was to buy their papers.

This wholesale purchase of reading matter took place at Second street and Broadway. The District Attorney was waiting for a car, and the boys, none of them more than 12 years old, besieged him to buy an extra—gotten out for the express purpose of denying the rumor that Chicago had suffered from a seismic disturbance.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

The Fire Commissioners and Council Land Committee are investigating prices of sites offered for two new engine houses.

Offers Made for Two New Stations Show Range of Values in Different Localities—Money Appropriated to Build and Equip Two New Houses. New Bridge on Main Street.

The Fire Commissioners and the Council Land Committee are investigating the offers of sites for two new engine houses, bids for which were submitted to the Council at its session Tuesday. One of these houses is to be near Main and Fourth streets and the other near the Santa Fe station. The Council appropriated in the budget \$125,000 to buy the land and erect and equip these buildings for these additions to the fire service. The Council expects to reach a decision next week.

The bids submitted offer what is believed to be a good index to the value of realty in the localities mentioned. They are:

LIBRARY STATISTICS.

LUMMIS ON EMPLOYEES.

Charles F. Lummis, city librarian, has sent a letter to The Times explaining the need of the large force of employees and making comparisons to justify the large expenditures recently told of. Mr. Lummis declares there is no department in the city that gets better service out of its employees, and that no department can make a better comparison with other cities of the United States. It is more active, better, larger and cheaper than any city that may be compared with it, he says.

Circulation is 1300 per cent. more active from the main library than in Boston, and costs only two-thirds as much, he maintains.

He gives these figures as the cost per cent. of its income in salaries: Boston, 16.3 cents; Chicago, 9.1 cents; New York, 24.4 cents; Brooklyn, 11.4 cents; Providence, 14 cents; Los Angeles, with a circulation of 800, per employee, 7.5 cents.

Los Angeles, he cites, pays only 46 per cent. of its income in salaries, while Milwaukee pays 72 per cent., Allegheny 69, Louisville 68, San Francisco 62, Jersey City 60, and New York 53 per cent. of the library income goes in permanent improvement—books, periodicals, binding and equipment.

The gross circulation of the library is about 1,400,000 books a year, or over 4000 daily for circulating days. Adding to this the reading room circulation of about the same, a daily circulation of 8000 is shown.

Mr. Lummis denies that he is writing a history of Los Angeles, and asserts that no stenographer or other employee of the library has given an hour of the city's time to his use.

Prepare for New Bridge.

Upon the recommendation of the City Engineer the Board of Public Works yesterday adopted plans for a temporary bridge over Main street, for use while the concrete bridge is being built. Bids will be received on the 15th inst. for the removal of the old bridge and the construction of the new temporary one. It is expected this work will cost about \$2000.

Board to Reorganize.

The Board of Public Works yesterday elected Edward Kern, the new member, Inspector of Public Works. At tomorrow's session it is expected the board will formally reorganize, and that President Hubbard will be re-elected. Mr. Chaffee continued as representative in the aqueduct work.

S. B. Clark and Ed Kossin, supposed to be employees of the Santa Fe, were arrested yesterday, on charges of impersonating officers and of extortion, on the complaint of Thomas M. Rogers, a veteran of the Civil War, of No. 1484 East Forty-second street. The accused were held by Justice Pierce in \$1500 bail each, which they were unable to furnish and were sent to jail.

TELLS OF HOW HE LOST MONEY THROUGH FRIGHT.

Accuses Two Railroad Men of Impersonating Officers and Extorting Seventy-five Dollars by Using a Fake Warrant—Prisoners Are Held for Examination.

S. B. Clark and Ed Kossin, supposed to be employees of the Santa Fe, were arrested yesterday, on charges of impersonating officers and of extortion, on the complaint of Thomas M. Rogers, a veteran of the Civil War, of No. 1484 East Forty-second street. The accused were held by Justice Pierce in \$1500 bail each, which they were unable to furnish and were sent to jail.

The story told by Rogers is that Monday evening he met the accused at Central and Vernon avenues, and they pretended to arrest him, declaring that he was wanted for a warrant.

He showed them what purported to be a warrant, charging him with a serious offense, but said he could be released on the payment of \$75, of which amount Rogers would go to the arresting officers, and \$50 to the court. They also told him that if he would not be safe for him to be arraigned before Judge Wilbur, for he (Wilbur) would give him the limit of the law.

Rogers claims that he agreed to pay the money to escape further trouble, and the entire party went to the office of the Los Angeles City Realty Company, where loan of \$75 was secured on notes the old man had that called for \$600. The money, it is said, was then divided, Clark taking \$50 and Kossin \$25.

It is claimed that when the men were being taken to jail, after their arrest, Clark confessed they had paid the money from Rogers; that they were out of work and needed the cash. Kossin has a wife four years old, and Clark, who is married, lives at No. 482 Solano avenue, and Clark resides at No. 1614 East Fifth street.

The money was made by Deputy Sheriff Sepulveda.

TALE OF A COAT.

TAILOR MUST PAY.

Justice Pierce yesterday, in the hearing of the case brought by Mattie B. Grice against I. Belowitz, a ladies' tailor, to recover \$33.55, the alleged value of material she had furnished for the manufacture of a velvet coat by the defendant, who, it is claimed, spoiled the garment in the making on the ground it did not fit.

During the examination of a witness the court took occasion to give his views on the mysterious disappearance when one's measure is taken for a suit. He said: "I have been measured for clothes for sixty-five years, and I have not yet learned what those figures mean. They go down your back and up your legs, and sing out 16, 32 and so on, and not even an angel in heaven knows what the figures refer to."

A witness testified that she was near the plaintiff when she saw the coat fitted previous to the trial, and though the garment was all right.

Mrs. Grice took evidence that half of velvet to Belowitz to have a coat made, on November 11 last. Belowitz testified he had altered the coat three times to suit her, and refused to do anything more. First, the coat was too long, and he cut off a bit; then the sleeves were too ample and he remedied them; then the pockets were wrong, the plaintiff insisting on the imitation style, but when she came the fourth time and asked that the collar be changed he rebelled.

Bessie Belowitz, a daughter of the tailor, testified that while Mrs. Grice had told her father the velvet was worth \$2 a yard, that she secured a sample, priced at \$1.25 per yard, and was also testified that Mrs. Grice had accused Belowitz of appropriating a part of the velvet she had furnished for the coat.

The plaintiff was given judgment for \$20.

CASES ARE SUBMITTED.

CLOSING UP LONG LITIGATION.

The last of the many suits to enforce the liability of the stockholders of the Wentworth Hotel Company of Pasadena was argued before Judge Wilbur yesterday, and submitted. The plaintiffs in the case were the Richards-Neustadt Construction Company, that set up a claim of \$10,000, for concrete and plastering contracts. The original amount of the claim was \$11,500, but of this amount \$1500 had been paid, and the stockholders of the hotel company admitted an indebtedness of \$2000, leaving but \$900 to be adjudicated by the court.

All of the actions against the Wentworth Hotel Company have been consolidated in an omnibus case, and one decision will decide all of them. About forty plaintiffs concerned in the litigation. The corporation was declared insolvent July 12, 1907.

MAKES TOUCHDOWN.

FOOTBALL PLAYER IS SANE.

Elbridge L. Heath, who, according to his story, corroborated by witnesses, was the star tackle of the University of Minnesota football team 1895-96, and the king bee of the University of Chicago football squad, 1896-1901, was before Judge Rives yesterday, on the charge of being of unsound mind. After hearing much testimony Heath was discharged.

It was claimed that Heath had been making a disturbance at the Abbotsford Inn, and been indulging in considerable talk in regard to his possessions. But these charges were disproven, witnesses testifying that while he had been spotted by the ad-

ulations of the college devotees of football, which he had not yet recovered from, that he was of perfectly sound mind and capable of carrying on his own business, as an automobile broker, and realtor.

After his discharge Heath testified that "When I was in college my team was never defeated, and I am still ahead of my enemies. In the old days it was up to Heath to get the ball and carry it over the goal; and I have not forgotten how to take care of myself."

One witness who attended the University of Chicago with Heath testified that when the accused was a student there, he was acknowledged to be the strongest man who ever attended that institution, up to that time.

JUDGMENTS SIGNED.

CHILDREN GET DAMAGES.

Judge James yesterday signed judgments in favor of Paul and Leslie Snelling, minors, who were injured by a collision with a street car at Eleventh street and Maple avenue, December 12 last. Charles Snelling, guardian of Leslie, sues the Los Angeles Railway for \$250 damages, and Paul brought suit for \$1500.

By agreement out of court the amounts were fixed at \$250 for Paul and \$1500 for Leslie. The children were riding on a wagon when struck by the car, and the responsibility was admitted to belong to the crew.

CHARGE OF MURDER.

"ARIZONA JACK" ARRAIGNED.

John W. Allen, alias "Arizona Jack," was the calmest man in the party when he was taken to the Township Court of Justice Summerfield yesterday to answer to the charge of killing Deputy Constable Charles De Moranville last Monday night. He joked with Deputy Sheriff Martin Aguirre, who swore to the complaint, and laughingly said, "That was a pretty quick trip we made in the auto last night, wasn't it?"

When arraigned before the justice, Allen did not show the least trepidation, but calmly asked the preliminary names as a matter of course. He said he had nothing to fear, and showed those about him the holes in his coat that he claims were the result of shots fired by De Moranville.

Allen picked a typical ranchman of the western plains, little, drawn and wizened, with skin seemingly as tough as sole leather, and his eyes betokening more than the average intelligence.

The prisoner had retained F. H. Thompson as his attorney, and when Justice Summerfield suggested Tuesday next as a proper time for his argument, Allen nonchalantly remarked, "I reckon, Judge, that will do."

The accused is a native of Mississippi, and says he has relations in the vicinity of Macon, Ga., who will assist in his defense. He speaks with the rich drawl that marks the southern born man, and is not at all the blood-thirsty looking villain his pseudonym would seem to indicate. "That was a fine ride," he said, "and I am glad to see old friends when the shooting occurs. He told Mr. Kellogg, on whose ranch he formerly worked, that he was ready to surrender to Sheriff Hansen whenever he came for him, but did not want to give himself up to the friends of the dead officer, lest he be summarily dealt with. He declined to give his version of the shooting.

"But I will come out all right; I have friends in the United States, and I am in good here and elsewhere," he concluded.

MANY NEW AMERICANS.

NATURALIZATION GRANTED.

Sixteen brand new American citizens were turned out by Judge James yesterday, and two applicants, deficient in knowledge to answer the queries of Frederick J. Jones, United States consul, were held to brush up further in American history.

One of the unsuccessful applicants insisted there is but one branch of Congress, and that the President can make laws without Congress passing the necessary bills or not. He was set down for another month.

Those who passed the test are: Adolph V. Meyer, John F. McLean, Israel D. Baker, Karl F. Beyerle, George D. Alexander, John Schwartz, Ralph Siegel, John Veith, Louis Gold, William Schwartz, Fritz J. Jern, Thomas Walter, and W. W. Wambles.

Walter E. Erkes, August Nelson and John O'Leary.

JUDGE JAMES CALLED.

BEFORE THE GRAND JURY.

Superior Judge W. P. James was summoned to the rooms of the grand jury yesterday and he spent some time in conference with that body. When the Judge responded to the call, he carried with him copies of the Civil and Criminal Code, either of which documents contains matters of information and interest to those charged with the responsibility of enforcing the laws.

The grand jury was in session yesterday morning only twenty minutes, but a prolonged conference took place in the afternoon, and it was on this occasion that Judge James sent his presence and advice to the jury.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

DATE TO PLEAD. Agnes Matthews, the young matron charged with shooting Mrs. Rosie Lopez, on October 1, was arraigned before Judge Willis, yesterday, and given until February 1 to plead.

The accused woman was in court accompanied by a lady friend, and smiled beamingly upon everybody.

CASE SUBMITTED. The charge against Attorney A. D. Warner of passing on Durley Robinson a check for \$25, when he had no funds in the bank upon which the instrument was drawn, was argued by the defendant himself, before Justice Summerfield, yesterday. Decision was reserved.

CHARGE WITHDRAWN. The warrant charging Nathan Simons with arson, in setting fire to goods at No. 400 Central avenue, has been withdrawn in Justice Summerfield's court, by the complainant, Rosa Simons. The action, it is understood, grew out of a family quarrel.

ASSAULT CHARGED. Judge Willis yesterday charged with assault with a deadly weapon, on Saturday.

FOR PROBATE. Isabelle A. Bonalle and M. V. McQuigg of Pasadena have applied for the probate of the will of John B. Bonalle, who died December 25. The value of the estate is \$17,000.

LITTLE PUBLIC LAND LEFT.

Many of the settlers in the Imperial Valley assert that persons expecting to rush in after lands are open to entry will suffer disappointment. The arrival of the plats means that patents will soon be granted, after the necessary formalities are completed with Gen. F. C. Prescott, register of the local Land Office. He also takes this view. He stated yesterday that the completion of the government survey by no means opened up large tracts for settlement, although the embargo on filing of sections will soon be lifted. He says that most of the available land has been already settled and until future irrigation projects are opened up new sections there is absolutely no chance for the land-boomer. The real benefit of the resurvey is that residents can perfect title and obtain patent.

CHAMBER NOMINEES.

The annual meeting for the nomination of officers and directors for the Chamber of Commerce was held yesterday afternoon. The election will be next week Wednesday. The nominations are: President, Willis H. Booth, first vice-president, James Slauson; second vice-president, Joseph Scott; treasurer, William D. Starnes; chairman Committee on Commerce, George H. Stewart; Agriculture and Horticulture, F. G. Story; Manufacturing, William H. Joyce; Mercantile Affairs, L. M. Cole; Mining, H. Z. Osborne; Transportation, J. V. Vickers; State, H. P. Lee; Publications and Statistics, Marshall Stinson; County and Municipal Affairs, H. R. Calender; Labor, Walter Hayden; Finance and Auditing, George E. Bittinger; Building and Permanent Exhibits, James A. Poskey; Immigration, Maynard McElroy; Boulevard, Parks and Roads, S. A. Butler; Expositions, Arthur W. Kinney; Membership and Gratuities, Carl Metcalf.

LAWLER ON THE GROUND.

United States District Attorney Oscar Lawler was admitted to practice before the United States Supreme Court at Washington yesterday. He has been the capital for several weeks conferring with Attorney General Bonaparte in regard to the government brief in the Santa Fe Railroad case, made last week by Justice Brandeis, which Court of Appeals Judge Welborn imposed a fine of \$200,000 on the railroad, in November, 1907, upon conviction of rebating. The defendant at once took appeal and it is soon to be heard. Ultimately it will reach the Supreme Court, and will involve questions affecting the Elkins and Hepburn acts.

AFTER THE COUNTERFEITERS.

Secret Service Inspector George W. Hazen has returned from Arizona, where he was present at the trial of several counterfeiters. Charles W. Weiland and Fred Weiland were each sentenced to three years in the Yuma Territorial Prison, and Edward N. Neman, a half-brother to two years. The case of Henry Stover was continued until the March term of court. Mr. Hazen recovered all the bogus money and the paraphernalia in these cases and hopes a ban has been placed on that species of crime in Arizona for some time.

GRAND FRATERNITY SUE.

Suit was brought in the United States Circuit Court yesterday against the Grand Fraternity of Pennsylvania, an insurance organization, by E. M. Elliott, a former agent for the United Moderns of Colorado, whose business was later taken over by the defendant. The suit charges that \$3000 is due him on commissions.

A \$200,000 merger will end a moving picture war that has been in progress in New York for many months and put out of business nearly 50 per cent. of the moving picture places of the city.

A plucky New York woman, Mrs. Isaac L. Rice, has waged a successful war against unnecessary noise in her home. She has secured a local peace about three years ago, interested in her idea of a "quiet zone" for the home. The "Prevention of Unnecessary Noise" Among the members of the organization were such men as the Honorable Mayor, the Honorable Dr. Nicholas Murray Butler, president of Columbia University, an architect, a physician, a lawyer, a Commissioner of Health and several college and university presidents. The campaign has been waged valiantly and successfully. The "quiet zone" fishing "quiet zones" about hospitals was passed and rigidly enforced, and the "quiet zone" about hospitals in New York, the noisiest city in the world, is now a "quiet zone" in New York. THE last chapter in a pretty romance dating back to the hope-sweet days of the young couple was enacted Wednesday, when Rev. Mr. Murphy united in marriage Miss Margaret M. Carter and Raymond Spurling. A large and fashionable wedding had been planned for the early spring, and Mr. Spurling left for Rhylolite, Nev., where he has mining interests, and promised to wait patiently, but the lure of the sunny Southland and the eyes of a pretty girl proved more than he could resist, and Christmas Day he returned. The wedding and the service was quietly performed at the home of the bride's parents, Mr. and Mrs. Robert S. Car-

EVENTS IN SOCIETY.

The last chapter in a pretty romance dating back to the hop-which days of last Wednesday, when Mr. Murphy united in marriage Miss Margaret M. Carter and Raymond Sparling. A large and fashionable wedding had been planned for the morning, and Mr. Sparling, left at the altar, where he has since been waiting, and promised to wait for her, but the lure of the sunny Southland and the eyes of a pretty girl, who had been visiting relatives in this city, will return to her home at Fort Wayne, Ind., next week.

Kind Hearts.
How far that little candle throws his beam!
How small a good deed in a naughty world.

Though the Millennium is still afar off, a number of pleasant things have happened of late to prove the poet's saying about kind hearts and coronets. On Christmas Day the Christ spirit was abroad in Los Angeles. In one instance it found expression in a certain quiet deed that might challenge the world for beauty of conception.

A young married couple prominent in the social life of the city chose the season for expressing their joy over the gift of their first-born son, Mark Overton, three months old on Christmas Day. They planned a birthday party. The guests were not rich in this world's gear. They were thirty-eight little orphans from the Volunteers' Home on Vermont avenue, and they did not even have a passing acquaintance with Santa Claus. But they wrote to Santa just the same, and the baby's parents read the pitiful little letters and filled every order contained therein.

The Overton home resembled a toy shop, or Christmas eve at Santa Claus headquarters, for thirty-eight youngsters can think of a great many things they would like to possess. On Christmas afternoon a splendid tree dazzled the small orphans, and the little letters brought an unwelcome mist to the eyes of the grown-ups who witnessed it. Wonder of wonders, the desire of every heart had been granted, and thirty-eight small people felt that the world was full of love.

The good people of Windsor, Mich., last week recognized the thirty-year service on the Police Court bench of Magistrate Bartlett, by a mass meeting on his 56th birthday at which the Mayor read an address to the "grand old man" and presented him a purse of gold. The police department gave him a pair of seal skin gaiters and a gold-headed cane.

Henry H. Rogers, whose gift of the Rogers Memorial Church at Fairhaven, as well as his gifts to the town itself, have been many, has just presented a communion set of the highest quality. The set consists of four pieces, and is a memorial to Mr. Rogers's mother. The name of the Apostles and texts of Scripture are inscribed on the vessels. In addition Mr. Rogers has ordered a pair of brass doors and a baptismal font of special design. The doors alone cost \$28,000.

Rev. Dr. Wm. Reed Huntington, rector of Grace Church, New York, announces that he will devote to the work of the church the \$40,000 presented to him by his parishioners on the twenty-fifth anniversary of his rectorship.

Michael J. O'Connor of New York, who recently bought the Irish village of Leitrim, where he was born, has promptly conceded the petition of his tenants for a 25 per cent. reduction of their rents. "Certainly I will do what they ask," said Mr. O'Connor. "I didn't buy the village as an investment, but largely from sentiment. I was born in Leitrim, and I want to see the whole of Ireland freed from their tenantry troubles."

Rudolph Blankenburg, merchant and reformer of Philadelphia, has presented his three years' salary (\$15,800) as City Commissioner, to the police, firemen and teachers' pension fund.

Thomas Kristic, an Austrian by birth, but an intense and patriotic American citizen, now opened a unique institution in New York City. It is called the Kristic Institute, and its purpose is to teach Austrians how to become American citizens. To teach them how to read, write and speak the English language. To give them instructions in American history and to make them familiar with the rudiments of American law, schoolrooms, a gymnasium, club rooms and instructors are all furnished by Kristic.

Freddie Knows, Too.

Anty Drudge—"Freddie you have mud all over your new linen suit. What will mama say?"
Freddie—"Oh she'll be hoppin' angry at first. Then she'll take it off, wash it with Fels-Naptha soap, and it'll be brand new again."

Are you the wife of a machinist, railroad man, painter or butcher?
Or is your husband in some such trade that means getting his clothes full of oil, grease, paint, bloodstains or dirt of other kinds?

If so, you will appreciate the experience of these women:

Mrs. Charles Slater, 7401 Alaska Avenue, St. Louis, writes: "My husband is a fireman on a locomotive and I had the greatest trouble in getting his clothes clean until I learned that Fels-Naptha would take out all the dirt and grease in cold or lukewarm water. Now it is easy."

Mrs. Charles L. Moore, of 8701 Nevada Avenue, Cleveland, writes: "My husband is a machinist in an iron works. I find that Fels-Naptha easily removes the dirt and grease from his clothing in cold or lukewarm water. Before I learned that, washday was drudgery. Now it is a snap."

Another woman, whose husband is a painter, writes us that she never could get his white suits clean until she tried Fels-Naptha.

Still another, who is married to a butcher, says she has tried nearly all soaps and finds that Fels-Naptha is the only one that will take out all bloodstains and dirt from her husband's white aprons.

Whether you have some special problem in cleaning, or have just the ordinary weekly basket of soiled clothes, you will find that Fels-Naptha in cold or lukewarm water means a great saving in time, labor and clothes.

Mojave River to Be Taken Through Tunnel in the Mountains to San Bernardino Valley for Electrical and Irrigating Purposes—Who is Behind Project?

IN BERNARD has appreciated all the food

is a millionaire syndicate, connected with San Francisco and Boston banks. It is not for them, but from the fact that the attorneys interested in the legal rights of the Arrowmont people are the same as the lawyers who are serving the Japanese notices, the theory is that perhaps Yates is really acting for those large interests.

GIRL SAVED BY HEROISM.

Man Risks Life to Rescue Her from Perilous Ledge Above Falls.

San Bernardino, Jan. 6.—Miss Gladys Irving Boneacre, a guest at the Glen Helen resort in Lytle Creek, was rescued from a perilous position on a jutting crag, 200 feet above Bonita Falls, last night, by Douglas Champion and three companions. She had clung for seven hours to a frail clump of brush, expecting every moment that it would fall away and that she would fall to almost certain death in the creek below.

She had been gathering ferns above the falls and venturing too near the ridge, gradually slid down the decline to the ledge. Her girl companions missed her and after a long search, located her. Then they hastened down the mountain to the hotel for aid.

Champion and three other men went to the rescue. Champion fastened one end of a rope about his waist and was lowered to the girl's side. Headless of his own peril he balanced himself on the crag and untied the rope, fastened it about Miss Boneacre's waist and she was hauled up to safety.

BRAWLEY'S PUBLIC SCHOOL.
To Be One of Finest in Imperial Valley—Disincorporation Suit.

BRAWLEY, Jan. 6.—One of the finest public school buildings in Imperial county will be completed here in time for use at the opening of the next school year. Plans have been adopted for a structure that will be both commodious and beautiful. It is to be the modified mission style of architecture, with deep arcades, enclosing two sides of a court formed by wings of the building. The main part will be 160 feet long, and the wings 8 feet long. Two towers are to arise from the main portion. Eight large classrooms and an auditorium with a capacity for seating 500 people are provided for. An entire block has been purchased for the site. It is northwest of the plaza and near the center of the townsite.

Ever since the organization of Brawley as a city of the sixth class, an element here has been dissatisfied with the procedure, and has cast doubts upon the legality of the proceeding. It has now been determined to bring a friendly suit to secure a decision upon the points raised. This movement has been endorsed by the Chamber of Commerce.

An important movement is on foot to secure a good highway from the city to the San Diego county line, so that easy access may be had to the mountain districts during the heated term. Messrs. P. J. Stanford and Phil Jones have been making a tour of inspection, and at the last meeting of the Chamber of Commerce reported that the road could be built at a cost of not more than \$50 a mile, and that only three culverts would have to be constructed. A committee, composed of Messrs. Messers, Parks and Mansfield, was appointed to lay the matter before the Supervisors and the County Highway Commission.

The wonderful Arrowhead Hot Springs will cure that rheumatism. A model hotel and unapproachable baths.

STOPS SHAVING TO PRAY.
The trial of J. W. Johnson, the negro accused of shooting Charles Dehart, a negro, and John Abadie, a small white boy, was continued today. The defense was temporary insanity. Johnson testified that Dehart had stolen his wife from him, and it made him crazy. Patron of the defendant, who is a barber, said he often stopped shaving to pray. The case will go to the jury tomorrow.

Ontario Power Company Will Make Improvements Planned for This Year and Bayham Is No Longer to Be Connected With Resort Bearing His Name.

UPLAND, Jan. 6.—At the end of this month Charles E. Bayham will cease to have any connection with Camp Bayham at the head of San Antonio Canyon. The many improvements which the Ontario Power Company had planned will not be carried out this year.

Owing to the recent action of the stockholders, the directors are committed to a strictly economical management. The Ontario Power Company is said to have spent more than \$25,000 in building an automobile grade over Hog's Back, and erecting buildings and other improvements at its resort. The stockholders are orange growers of Upland and Ontario and the expenditure of so large a sum meant a heavy assessment after assessment. When it was proposed to spend \$25,000 more in the mountains, for a pavilion and hotel, they called a halt. At the annual meeting, recently held, C. Frankish, Attorney Joliffe, and F. C. Crowe were dropped from the directorate, as they were held responsible for the liberal expenditure, and in their place three men were elected who are pledged to economy.

A few days ago a petition was presented to the directors, signed by eighty-seven stockholders and protesting against the expenditure of more money for improvements in San Antonio Canyon. The new board will continue the resort under some other name and with Glen D. Smith as manager.

HEAVILY ARMED.
Cavalcade Which Brought Cattle Thieves' Loot to Santa Ana Fears Attack on Road.

SANTA ANA, Jan. 6.—Four men, each armed with one or more six-shooters, with eight horses, three bugles, three saddles and several sets of harness, plundered from the gang of horse thieves arrested recently in San Diego, arrived in Santa Ana at noon yesterday. The men in charge of the cavalcade are confident horse thieves planned to raid them and take the recovered property from them. A heavy guard was put about the cavalcade, and the route was changed to the south of San Juan Capistrano, where the outfit remained over night.

WILL FIGHT TO END.
Mrs. Jennie Clifton, the society woman of Long Beach who is suing Col. Hogeast Clifton, of Huntington Beach, her husband, for \$200 a month maintenance and \$5000 attorney's fees, has thrown all offers of compromise to the winds, and declares she will fight the case to the bitter end. A month ago several days were consumed in the Superior Court in taking evidence, both sides accusing the other of cruelty and abuse, and at the end of it Judge West told the litigants that they had better compromise. The attorneys have set up a compromise, which Col. Clifton accepted, but which Mrs. Clifton refuses to accept.

MRS. ABBOTT DIES.
Mrs. Susan Abbott, widow of Dr. Granville S. Abbott, for seven years pastor of the First Baptist Church of San Francisco, died Monday evening at E. Modena on the ranch of her uncle, David Heves, brother-in-law of Mrs. Jane Stanford, one of the founders of Stanford University. Mrs. Abbott was 73 years of age. A part of the evidence in the trial of John Richards, charged with embezzling \$124,825 from the Edison Electric Company, was taken yesterday. The prosecution claims that Richards kept \$124,825 which was credited on the books as a rebate to the San Joaquin Fruit Company on account of an overcharge.

POOR BOSS.

UNDER LAW BAN COWS ARE SAD.

MOLSTEINS MUST CULTIVATE A
RICHER MILK.

Supreme Court Upholds Chartered
City's Rights to Establish Stand-
ard for Butter Fat in Opposition to
State Rule—Important Case is De-
cided Against Dairyman.

Molstein cows have come under the
ban of the Supreme Court of Califor-
nia unless a way is devised to inject
butter fat into their veins. Jerseys
and other rich creamers can hereafter
look askance at their past-colored re-
latives because of their inability to give
milk up to the severe standards of the
city health department.

In an opinion rendered yesterday in
San Francisco, the Supreme Court de-
cided the Hoffman case in favor of the
city. Hoffman was arrested and fined
for selling milk below the standard
fixed by city ordinance. The judgment
of the Police Court was affirmed by
the late Judge Smith of the Superior
Court. The Second District Court of
Appeal disagreed.

When Attorney R. A. Ling took the
case to the Supreme Court in habeas
corpus he raised a question that had
never been decided definitely. Admit-
ting that Hoffman's cows yielded milk
below the city standard, it was plead-
ed that the lactical fluid was up to the
standard prescribed by the State law.
This raised the question of the con-
flict of the State and municipal laws.
According to the decree of the Legis-
lature, Hoffman was selling pure milk
that was fit for babies and sucklings.
But according to the mandate of the
health department, the dairyman's
cows were lacking a small per cent.
of butter fat and other substances that
are supposed to make infants healthy
and round and rosy.

Although Hoffman's original fine was
only \$10, he was prepared to spend all
he had in getting a final decision. The
Supreme Court had the case before it
for many months. The final decision
was given on Jan. 1.

"It is held that a city having a char-
ter has a right to pass ordinances affect-
ing the peace, health and protection
of its citizens. The justices state that
this city, therefore, can legally enact
a regulation regarding the standard
of milk, even if it conflicts with the
State law. Apparently the same ruling
will not apply to cities having no charter."
"I am glad the question is finally
settled," said Attorney Ling. "It has
attracted the attention of dairymen
all over the State. The same ruling
will, of course, apply to cities under
charter. There was no question as to
the purity of the milk sold by Hoff-
man. His place was kept in an abso-
lutely sanitary condition. The milk
was something like 5 per cent. above
the standard set by the State Legis-
lature. But the justices en banc hold
that this municipality has a right to
fix its own standards, irrespective of
those fixed by State law."

It is believed that this ruling will
also affect the status of poolrooms
which are conducted in accordance
with State regulations, but contrary to
city ordinance. It would appear that
a charter city can pass ordinances
regulating them, even if it conflicts
with State law.

SAN JOAQUIN VALLEY.

RAISIN GROWERS IN SAD PLIGHT.

SELLING CONTRACT DECLARED
TO BE ILLEGAL.

Packers' Attorneys Say It's Violation
of Cartwright Law—Severe
Set-back to Industry—Fight in the
Legislature Seems Certain—Prospect
of Low Prices for Crop.

TRY DIRECT WIRE TO THE TIMES.

FRESNO, Jan. 1.—(Exclusive Dis-
patch.) At a conference today, between
the Selling Committee of the raisin
growers and A. Gartenlaub, represent-
ing the packers, Gartenlaub declared
that the attorneys for the packers in
San Francisco had rendered an opinion
that the combination is in direct viola-
tion of the Cartwright anti-trust law
and that consequently the packers
would be unable to stand by the con-
tract which provides for the sale of
the 1924 crop.

This announcement and the stand
taken by the packers has placed the
raisin growers just where they were
two months ago, when the "pool" was
first formed. A day, or so ago all
indications pointed to early sale of
the last crop, but now officials of the
association say that it is impossible to
sell when the crop will be disposed of.

This setback is a severe blow to the
raisin industry in this part of the
State. A fight against the Cartwright
law in the Legislature is now almost
a certainty. If this is repealed, or
amended, the contract will be valid.
If the law is allowed to stand, the
raisin growers will have to begin all
over with an advanced season and a
prospect of getting two cents and less
a pound for the 1924 crop.

TULARE HELPS SUFFERERS.

TULARE, Jan. 1.—Last Sunday at
the Methodist, Baptist and Congrega-
tional Churches special offerings were
taken for the earthquake sufferers in
Siskiyou, amounting altogether to \$20.
At the meeting of the City trustees,
Monday evening, \$40 was voted from
the city treasury for the same pur-
pose, and the city banks were
asked to act as custodians of further
funds that may be sent through the
city. The money will be sent through the
credited officers of the Red Cross So-
ciety in San Francisco.

The Ladies Aid Society of the Con-
gregational Church cleared \$120 at its
recent bazaar and dinner.

Merchants' and Manufacturers' Asso-
ciation Declares Directory Scheme
an Attempted Hold-up.

A "Made in Southern California" di-
rectory, for which E. D. Emmerich
is soliciting advertising, is strongly
opposed by the Merchants' and Man-
ufacturers' Association. Its members
assert that there is no need for such a
directory, as the Chamber of Com-
merce has recently compiled a list of
all the manufacturers in the city and
suburbs. "The scheme is simply an
attempted hold-up of the business
men," said Secretary E. J. Zee-
handelaar, yesterday. "We refused in-
ducement to the solicitor. There is
absolutely no occasion to publish such
a list and it is merely another attempt
to extort money from the merchants."
Emmerich claims to represent a lo-
cal publishing house which is to print
the directory. Unless it is copied ver-
batim from the list of the Chamber of
Commerce, it will not be as com-
plete.

According to Mr. Zeehandelaar, many such schemes are worked in the city. While many of them are perfectly legitimate in their way, they are a burden upon the business men. Merchants are called upon to advertise in so-called society papers, trade journals, fraternal and theatrical programmes, benefit booklets and all sorts of direct-ories and publications which have no standing.

Because of the numerous applications for advertising from all kinds of glib solicitors, the majority of the merchants refuse to patronize any proposition that is not endorsed by the Merchants' and Manufacturers' Association.

WHEN YOUR BACK ACHES

It is a Warning That the Kidneys Are Sick and Need Help!

A bad back turns every twenty-four hours into one dull round of pain and misery—you are lame in the morning, nagged all day by a dull, throbbing backache, can't rest in the evening or sleep well at night. It hurts to bend over, straighten up, get up from a chair, or lift even a light weight. Any sudden twist, turn or awkward movement sends a tearing twinge of pain through the weak spot.

Backache is really kidney-ache. The kidneys are in the small of the back, and any pain there is enough cause to suspect your kidneys. If the urine is discolored, contains sandy sediment, or passes too frequently, then you have double proof.

Keep the kidneys well and the kidneys will keep you well. Well kidneys filter the blood and keep it pure. Diseased kidneys only partly purify the blood. Neglect weak kidneys and you invite uric acid poisoning, gravel, stone in the kidney, rheumatism, heart trouble, diabetes, Bright's disease, and a long list of other serious disorders now recognized as having their cause in kidney weakness.

At the first sign of backache or urinary disorders, give the kidneys quick help, not with plaster, tin-

ment, nor any other outside medicine, but with a special kidney cure.

The simplest and most effective remedy for sick kidneys is Doan's Kidney Pills. If there is any congestion, inflammation or other trouble in the kidneys, Doan's Kidney Pills quickly relieve it. They gently stimulate the kidneys, clear up the blood, and restore a perfect healthful condition. Best of all, they are a permanent cure.

Doan's Kidney Pills are sold everywhere. If you cannot get them, write to Doan & Co., 215 Broadway, New York, N.Y., and they will send you a free booklet, "How to Tell if Your Kidneys Are Sick."

"I CAN'T STRAIGHTEN UP"

JOHN KRINGER, Retired, 725 N. Los Angeles, Cal., says: "Doan's Kidney Pills are the best I have ever used. I have been suffering from backache and kidney trouble for many years. I have tried many remedies, but nothing has helped me until I started taking Doan's Kidney Pills. Now I am able to straighten up and feel like a new man."
